

How the UPD is Organized

Board of Directors

A Board of Directors, consisting of elected officials representing each participating community, has oversight for all global and local policies including operational, budgetary, and human resource issues.

Executive Management

The elected Sheriff of Salt Lake County serves as CEO. The UPD provides all financial and HR management resources under the direction of the Board of Directors.

Precincts

Precinct	Precinct	Precinct	Precinct	Precinct	Precinct	Precinct
Chief Don Hutson	Chief Troy Carr	Chief Brent Atkinson	Chief Jason Mazuran	Chief Steve DeBry	Chief Jake Peterson	Chief Tracy Wyant
COP	COP	COP	COP	COP	COP	COP
Traffic	Traffic	Traffic	Traffic	Traffic	Traffic	Traffic
Patrol	Patrol	Patrol	Patrol	Patrol	Patrol	Patrol
Property Crimes	Property Crimes	Property Crimes	Property Crimes	Property Crimes	Property Crimes	Property Crimes
Crossing Guards	Crossing Guards	Crossing Guards	Crossing Guards	Crossing Guards	Crossing Guards	Crossing Guards

Each community or community cluster has its own precinct location and may independently appoint a commander. Local services such as COP detectives, traffic officers and patrol are managed and run by each individual precinct. Some communities may choose to use UPD's shared service while maintaining their own agency.

Pooled Services

Dispatch	Investigations	Media Services	Professional Standards	Special Operations	Technical Services
Lieutenant Jason Adamson	Captain Kris Ownby	Lieutenant Brian Lohrke	Captain Kendra Herlin	Captain Del Craig	Captain Jon Fassett
Dispatch	Violent Crimes	Public Information	Training	Motors	Records
	Special Victims	Crime Prevention	Firearms Unit	Canyons	Civil
	Domestic Abuse	Secondary Employment	Reserve Officer	SWAT	Fleet
	Narcotics	Public Relations	Youth Cadets	K-9	Communications
	Victim Advocates	Social Media		Search & Rescue	Evidence
	CAR Unit	Mascot		Mounted Posse	
	Metro Gang Unit			Crossing Guards	
	Major Crimes Unit				
	Forensics				

Participating communities can leverage a full suite of police services not typically available to smaller communities. Operational and cost efficiencies are achieved by sharing resources that would not be fully utilized by a single community.
