DISCLAIMER

UPD is seeking to establish a towing rotation list, to be used when a sworn officer requests the removal and towing of a motor vehicle. The UPD reserves the right to make any changes to the agreement, with enough notice to the companies.

If a company is sold during the towing rotation year, the owner of said company is responsible for notifying UPD at the time of sale. The company will then be terminated from the UPD rotation. The agreement is non-transferable. The new owner will be eligible to apply the following rotation agreement year.

Being on any of the UPD towing rotation lists is a privilege not a right and does not create a contract between the UPD and the company. To be eligible for any UPD towing rotation list, the company must submit (during open application) the "Towing Rotation Application" and must agree to comply with the rules and regulations as set forth in this towing rotation agreement. Towing companies on the UPD tow rotation list must also follow all federal, state, and local laws and regulations pertaining to the company. Failure to comply with the terms of this agreement or applicable federal, state, and local laws and regulations may lead to sanctions against the towing company as described in this agreement.

The signature of the duly authorized representative on the application and agreement shall confirm that the entire document has been read. The information given is complete and accurate. The company and all employees are bound by all provisions of this agreement. The company understands the requirements to be placed and remain on any UPD towing rotation list. The company accepts the conditions of the agreement, and the company accepts responsibility for the actions of its owners, agents, employees, and tow truck passengers as they relate to the agreement and do so with the full understating that inclusion on any UPD towing rotation list is voluntary and a discretionary privilege extended by the UPD and not a legal right. Inclusions on UPD's towing rotation list does not guarantee any company an equal or specific number of rotation calls. Falsification on this agreement, or in the

documentation provided in support of the application shall be cause for immediate termination from the towing rotation list and may be charged as a separate criminal offense.
